

PRESTASI JUNIOR INDONESIA'S GROWTH (August 2009)

Summary of Indonesia's Student Impact

	Students	Classes	Schools	Volunteers	Teachers
2007 – 2008	23,454	627	201	324	378
2008 – 2009	34,465	1049	258	776	539
% change	47%	67%	28%	139%	43%

Prestasi Junior Indonesia is very pleased to be able to report outstanding growth in program operations during the 2008 -2009 academic year (July – June). All categories featured in the above table reflect expansion geographically across the archipelago and programmatically within regions. Most noticeable is the outstanding increase in volunteer numbers. The work of GE and Prudential volunteers in Jakarta and individuals from PT Kertas Tjiwi Kimia in Mojokerto and PT Indah Kiat in Serang has contributed towards this increase.

It is our intention, working in cooperation with our supporters, to further increase student impact during the 2009 – 2010 academic year.

Our programs are in demand by educational institutions and PJI continues to seek ongoing support. We would like to thank all of the people who have contributed to our success in the past year and look forward to continuing our successful relationship.

JA COMPANY PROGRAM WINNERS!! (9 August 2009)

The winning team from SMA 7 with Eko Suhartanto from Prasetiya Mulia.

As part of their undergraduate program Prasetiya Mulia Business School hold a 'Creatfest' competition to showcase student's small business ideas. Participants from the University and other schools located in Jakarta set up their businesses and were assessed by a team of judges over a period of several hours.

Two PJI student companies from Jakarta entered the competition under the theme of 'Ethnicity'. State high school 7 won first prize and State Vocational School 26 won second prize in the business segment focusing on the creation of a unique souvenir.

Both teams took away prize money and their success highlights the impact PJI

programs are having on young people in Jakarta and elsewhere in the nation.

Congratulations to the winners!!
