

THE PRUDENTIAL CHAIRMAN'S CHALLENGE BEGINS WITH A 'BANG'

This year Prudential Insurance volunteers will work with Prestasi Junior Indonesia (PJI) to improve the welfare of young people living in a safe house situated in North Jakarta. On Saturday, 16 July, 30 enthusiastic Prudential staff members made their way to the location to engage forty young people from 8 until 12 years old using the Ourselves and Our Community programs. The first two lessons were taught by the staff on Saturday as part of an overall six lesson project. Prudential will be back again in upcoming weeks to continue the initiative.

VOCATIONAL SCHOOL 26 JAKARTA DOES IT AGAIN!

Best Student Company in the ASCC 2011:
SMKN 26 Jakarta (BIONIC 26)

For the third year in a row SMKN 26 has bettered all competitors to win the Annual Student Company Competition (ASCC) 2011. With support from Bank Mayapada and volunteers from members of the American Chamber of Commerce the school was assessed by multiple independent parties over a period of two days as part of a comprehensive range of criteria. The event was staged at CityWalk Sudirman and involved teams from many regions of the archipelago - however none of them was able to threaten SMKN 26's title of 'Student Company of the Year'. Five students and a teacher from the school will now go on to represent Indonesia in the Asia Pacific Company of the Year Competition, January 2012.

List of winners in Annual Student Company Competition 2011:
