

## **PT UPS CARDIG INTERNATIONAL SUPPORTS INNOVATIVE STUDENT LEARNING IN JAKARTA HIGH SCHOOLS**

PJI will begin three major initiatives in East Jakarta schools thanks to support from the UPS Foundation. On Tuesday 6 September Mr. C. S. C. Mahan, Country Manager PT UPS Cardig International, presented a USD 19,000 check to PJI Director, Rob Gardiner, to support the development of JA Student Companies and JA Job Shadow programs. These will be run together with an Economics for Life curriculum integration in state schools engaging several thousand young Indonesians between the ages of 15 and 18. As the selected schools are located close to the UPS facility volunteers have offered to visit schools and help mentor students involved in the company programs. We are extremely pleased to have this opportunity to work with the UPS volunteers as they will be excellent role models for young people who are making decisions about their future. This generous gift, from the UPS Foundation, is an investment in the future of the nation – young people will learn directly about the world of work from professionals and have an opportunity to operate their own mini-enterprise. Thank you UPS Foundation!
