

# INVEST IN OUR FUTURE BY SUPPORTING THE WHOLE SCHOOL-GRADE LEVEL INITIATIVE

## The Concept

Prestasi Junior Indonesia's Whole School and Grade Level offerings demonstrate how the economics of real-life impact people's lives as workers, consumers, and citizens. Students will grasp and build on these important concepts as they progress in school, ultimately enhancing their understanding of the world around them and how the awareness can positively affect their future.

## The Need

Today's children are entering a rapidly changing and challenging world. Through diverse, hands-on, age appropriate activities, students better understand the relationship between what they learn in school and their successful participation in our economy.

## The Investment

The Whole School and Grade Level Initiatives are a win-win investment for the community, corporations, schools and most importantly our students. Each and every student in the selected school or class you sponsor receives the opportunity to benefit from participating in Prestasi Junior Indonesia's programs, building the foundation for a brighter future. Educators strongly agree that early intervention is key to helping young people develop positive attitudes toward themselves, education, and ultimately, the workforce. Your partnership with Prestasi Junior Indonesia will cultivate the attitude for success among Indonesian youth.

## The Commitment

In order for us to provide innovative programs to young people we must rely on the strong partnership development between the education and business communities, and Prestasi Junior. Each contributor is vital to the success of our future, our young people.
